PowerAir® Duct Boosters

PowerAir Air Booster
Model #1950103

- Unique design will work with square, rectangular and round metal duct work
- Easy installation
- Can be used with forced air, oil, gas and electric furnaces and heat pump
- the most durable, long lasting air booster on the market

CASE QTY # 8

PowerAir Air Booster
Model #1950104

- Designed for round or rectangular metal duct work 6" or larger
- Easy installation
- Heavy duty motor designed for years of trouble free operation

CASE QTY # 12

PowerAir Air Booster
Model #1950101

- Designed for use in 5" round metal or flexible duct work
- Easy installation
- Heavy duty motor designed for years of trouble free operation

CASE QTY # 12

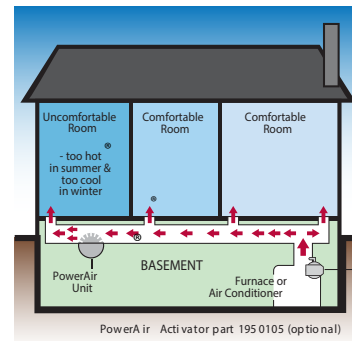

PowerAir Activator
Model #1950105

- For automatic, year round operation of all air booster models (optional)
 - In Duct Air Pressure Activated
- Ready to wire to furnace blower or wall switch.

CASE QTY # 1

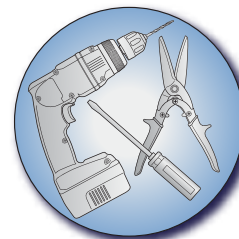

Here's how your PowerAir Air Booster Fan works:

In winter, the rooms close to the heating system are comfortable but the rooms at the other end of the house are cold.

Your PowerAir Air Booster Fan installs easily to your homes existing ductwork, increasing air flow to the uncomfortable rooms. It can also reduce utility bills by eliminating the necessity of constantly adjusting the thermostat or adding portable electric heaters to cold rooms.

In summertime, the reverse happens.

Installs easily with simple household tools.

Various Products contained in this catalogue meet the following Standards

ASSE 1010	: Performance requirements for Water Hammer Arrestors
ASSE 1061	: Standard for Push-fit plumbing fittings used for portable water.
CSA B125	: Canadian Standard for Plumbing Valves
CSA B272	: Canadian Standard for Roof Flashing
CSA 6.10	: Canadian Standard for Connectors for Gas Appliances
NSF PW	: Combination of performance and health effects Standards for Fittings to be used with Portable Water
CSA 22.2	: Wiring Standard for Air Boosters
CSA IEC E730	: (C22.2) Standard for ROOFGUARD® Pipe Heating and Roof and Gutter Cable
CSA B137.5	: Canadian Standard for PEX Pipe & Fittings
Pressure Rating	: 160 psi @ 73°F 100 psi @ 180°F
ASTM F1807	: Dimension specifications for Fittings using a Copper Crimp Ring and PEX Tubing
ASTM F1960	: Standard Specification for Cold Expansion Fittings
ASTM F2159	: Specification for Plastic Insert Fitting utilizing a Copper Ring and PEX Tubing
ASTM F2098	: Standard Specification for Stainless Steel clamps for securing PEX Tubing to Metal Insert Fittings.
ASTM F877	: Specification for Crosslinked Polyethylene (PEX) Plastic hot & cold water distribution system
CSA 9.1	: Standard for "Manually Operated Gas Valve for Appliance"
CSA 3.16	: "Lever Operated Non-Lubricated Gas Shut Off Valves"
A-A-3110	: Federal Specification: Plumbing Fixture Setting Compound

Approvals

Waterline Products Co. Ltd. has listing with the following Certification Agencies:

- CSA
- NSF
- WH

Customer Service

Our hours of operation are Monday to Friday 8:00 am to 4:30 pm est

Waterline offers an extension of our exceptional customer service by providing on-line catalogues, price lists, pocket guides and manuals. We make placing your orders easier by providing EDI (electronic Data Interchange) at fast, affordable and safe method of transferring and exchanging data.

Waterline provides the following EDI transactions:

- Incoming Purchasing Orders
- Functional Acknowledgments
- Advance Ship Notice
- PO Acknowledgments
- Invoice
- Other transaction types may be available upon request

Non EDI Transactions via email:

- PO Acknowledgments
- Advance Ship Notice
- Online shipment tracking through WPCL website

About Waterline Products Co. Limited

Waterline is proud of its contribution to the Canadian Plumbing Industry. For over 50 years Waterline has designed and developed, innovative code - compliant products for easier plumbing installations. Established in 1953, Waterline remains a Canadian owned and operated distributor of plumbing products.

We serve the hardware, home centre and plumbing wholesale industries across Canada.

We ship to all 10 provinces from our distribution centre in Oakville, Ontario.

For our terms, conditions & warranty information please visit our website www.waterlineproducts.com

Waterline reserves the right to round up to package quantity
